

**SCHOOL ATTORNEY**

The Board recognizes that the increasing complexity of School District operations frequently requires procurement of professional legal services. Consequently, it shall retain legal counsel for purposes of systematically securing such services.

A decision to seek legal advice or assistance on behalf of the District shall normally be made by the Superintendent or by persons specifically authorized by the Superintendent. Such action shall occur where it is consistent with approved District policy or standard practice and meets an obvious need of the District. It may also take place as a consequence of formal Board direction.

The performance of the legal counsel shall be subject to evaluation on a continuing basis by the Board and Superintendent and/or designee.
