

STUDENT ORGANIZATIONS: SPORTS PARTICIPATION POLICY

Academic eligibility for participation in sports and other after school activities shall be determined for grades 5-8 at the time that reports cards are issued. Any students earning grades below D in any subject shall not be eligible to participate in any co-curricular activities for the following quarter. This ineligibility may be lifted at the time of progress reports if all grades are raised to a passing level. Ineligible Status may be appealed in writing to the Principal, whose decision on the matter is final.
