

**ADMISSION OF NONRESIDENT STUDENTS
(AND TUITION)**

Nonresident students may attend District Schools when their attendance has been approved by the Board. Tuition may be charged at a rate set by the School Board and billed quarterly in advance to the sending District or parent responsible for payment. When a sending District is responsible for tuition, approval must be received from the District Board. Any costs above and beyond regular education cost, including transportation, will be assumed by the parent or sending District.

The Board may choose to grant exceptions in order to provide temporarily for the continuous progress of children whose families move to or from the District at times when not being able to attend this District's school might significantly disrupt their ongoing education.
