North Hampton School Board

Goals for the 2016-2017 Academic Year

RESPONDING TO THE PRESENT, PREPARING FOR THE FUTURE

The North Hampton school board submits the following goals for the 2016-17 school year. The School Board has identified these goals as specific areas of focus in conjunction with the regular duties they perform as outlined by the North Hampton school district policies. The School Board will continually work to provide oversight and policy direction as it collaborates with the North Hampton School staff, SAU, parents and community to provide a quality education for the children of North Hampton.

- Goal 1** The School Board will work with the NHS Administration and SAU21 to provide evaluation and analysis of student achievement, student progress and the effectiveness of the curricula.
- Goal 2** The School Board will work with NHS administration to continue to improve communications within the North Hampton community in order to promote transparency, public advocacy and community engagement.
- Goal 3** The School Board will work with the NHS administration to continue advancing the recommendations of the 2013-14 Enrollment Study, identifying options for changes to the middle school programming structure that are responsive to and reflective of declining enrollment, and the targeted class size policy approved in 2015. Alternate structures will consider allocation of resources, quality of instruction, self-study reflection, NEASC, and community input.

VISITOR ORIENTATION TO MEETINGS

Welcome to this evening's Board meeting. The Board recognizes the value of public comment on educational issues and the importance of involving members of the public at its meetings. If you wish to be heard by the Board, please note "Questions and Comments From Those in Attendance" at the beginning of the agenda (reverse side). The Comments section of the agenda may not exceed fifteen (15) minutes unless extended by vote of the Board. Occasionally, the Board may 'suspend its rules' to allow visitor participation at the time an issue of specific interest is being addressed.

Visitors should not expect a Board response to their comments or questions under the above since the Board may not have discussed or taken a position on the matter. The Superintendent or designee, without speaking for the Board, may offer clarification as appropriate. When the Board has taken a position, the Chair may state the Board's position. Speakers may offer opinions of school operations or programs but the Board will not hear complaints about school personnel or students in public session.

The North Hampton School Board normally meets in regular session on the third Thursday of the month with special meetings when necessary.

The School Board appreciates your attendance this evening and invites your continued interest in its work on behalf of the children and residents of the District.
