

We are excited to be able to provide a ski/snowboard club for the 2020/21 school year for 4th-8th grade. My aim is to give you all the information I can so you can make the best choice. Here are some highlights to consider and then please fill out the google form BEFORE you purchase anything so I can have my own records of what you purchased and are choosing to do. I can be reached at mwoolley@sau21.org, 603-474-9221 x 243

GUNSTOCK can NOT guarantee the complimentary lessons and rentals will occur during the session we reserved (4 Fridays from Feb. into March). Just like the school can NOT guarantee we will be able to provide transportation for our session. However, the season pass, through the school, is an opportunity at a deeply discounted rate.

Please fill out this form by clicking on blue highlighted link:

- We will be attending Session 2 at 3:00pm on Fridays: 2/12, 3/5, 3/12, 3/19 with a makeup date if needed on 3/26.
- Our lessons would begin at 3:00pm for those taking them. See attachment about lesson level description before choosing.
- Should it become safe for us to provide transportation. We could pool our money in order to purchase a school bus each Friday. Approx. cost per rider per Friday is \$21
- We would aim to arrive at 2:30pm and be rolling out at 6:30pm and arrive back to SMS at 8pm.
- If your child wants the complimentary lessons and rentals, they MUST have THREE items in their cart at the time they check out. I recommend using the system link if you are sending it electronically, where parents can simply click on it, and using the shortened link if you are sending it in a format where people need to type it into a browser window. Please note that the shortened link is case sensitive!

- I've been assured by Gunstock the governor will not shut down ski resorts however, he may shut down lodges.
- Your season pass is good for the whole season. Even if you don't take advantage of the complimentary lessons or rentals that the price you can get through the school program is approximately \$200 less than regular junior season pass. If you buy the midweek pass but go on a blackout date you can get a ticket for 50% off.
- There will only be a space for our students in the lodge if we come on a bus. If you drive, parents and/or chaperones can ski, sit in their cars, or reserve a time online to get in the lodge and order food.
