

Seabrook Middle School Weekly Communication
Friday June 17, 2022

I want to wish you all a happy and healthy summer! We made it through and your students persevered. You should be proud of them. We sure are! I'd like to take a moment to thank you all for your support over the years. I will miss Seabrook, but I know SMS will be in good hands. I would also like to congratulate Cindy Fagan on her well deserved retirement. She has given endless dedication to the students, staff and community of Seabrook and SAU 21 and will be greatly missed.

Youth to Youth: I would like to recognize and congratulate the hard work of our Youth to Youth. They recently participated in the annual film festival and worked hard to create a film entitled "This is Vaping" The link for that is below along with a spotlight they did talking about facilitating Red Ribbon Week.

Thank you to all of the Youth to Youth members as well as Mrs. Dowe and Mrs. Parsons for your hard work!

Student Council: Thank you to our student council members and Mr. McNally and Mrs. Hopkins for a year of fun events and promoting school spirit. Students worked hard to create a culture and climate of kindness and teamwork and did a great job.

Interact Club: Thank you to our Interact Club members and Mrs. Fagan for their hard work and service to our school and the community. Their work to help

promote service was fantastic.

These are all activities students can look to join next year and I encourage them to do so. SMS has a great variety to offer. In addition to these clubs we have a Health Club with Mrs. Wilk and Art Club with Mrs. Sousa. I would like to also thank these advisors and the students who participated and contributed to our school as well.

Congratulations 8th graders: A huge congratulations to a job well done by our 8th graders on finishing Seabrook Middle School. I wish them tons of luck at WHS and know they will do great things! Congratulations also to our band who did a great job performing at graduation last night.
